Dear Members of the Class of 1971:

The eagerly awaited graduation day is of far greater significance than is usually realized at the time. You carry with you the abiding interest and hopes of those who have supervised your education.

As you go forth, may I leave this message with you:

"May the road rise to meet you.

May the wind be always at your back.

May the sun shine warm upon your face, the rains fall soft upon your fields and,

Until we meet again, may God hold you in the palm of his hand."

Congratulations and best wishes.

Sincerely yours,

To the Class of 1971:

Congratulations on your graduation from Marlborough High School. You are graduating into a society that expects and needs your help immediately. You are the first graduating class to have the right to vote. This right along with many others which are being granted to Americans of your age for the first time carry with them responsibilities. Your education has prepared you to assume these responsibilities; it is up to you to prove that society was right in its judgment of your maturity.

Good luck and best wishes for a happy and successful future.

Sincerely yours,

*Thomas P. Lane*

Joe,  
It's not that I can't think  
of anything to write to you,

It's just that I have so many  
unresolved problems in my personality  
structure that it becomes extremely  
difficult for me to achieve a decision

in a time of high intensified  
emotion stress, but to know  
you however, is to love you  
which I do.
